

Indo Pacific GAMING

just imagine...

Created with the latest technology, the Quick Change range of coin and note change machines has become the standard within the industry. Security and accuracy are of paramount importance, and the QC-6500 series features high quality componentry to ensure both.

Laser technology ensures cabinet finish and quality is excellent, while its security features are second to none.

State of the art electronics put the QC-6500 at the forefront of the industry, while its design is flexible enough to accommodate alternative brands of bank note validators if required.

FEATURES

- Large memory capacity, allowing for an event log which records all data for up to 3000 events. This can then be reviewed via the large LCD or optional printer. All events, including door operations, note box removal, refills, power function, currency acceptance (by denomination) and notes dispensed, are recorded and may be referred to at any time.
- Easy loading access, with a keypad for accurate recording of refills. This user-friendly keypad is also used for pin-number security, printing reports, and adjusting date and time features.
- Two additional serial ports, allowing monitoring, EFTPOS or other connections.
- Flexible design which can accommodate other brands of bank note validators.
- User friendly with large LCD featuring user prompts.
- Genuine full accountancy to ensure accurate data.
- The QC6500 series features 18 meters - 9 fixed and 9 resettable.
