Franco Slot Machines - Haunted House

A five reel video-slot model with up to 15 lines and a maximum of up to 150 bets. Combinations of the Dracula symbol or the machines's anagram allow the player to enter an additional game in which a haunted house shows nine windows that hide prizes. The player chooses three of the windows and the amounts shown are added to the prize. When the three prizes have the same value an extra 500 coins are added to the bonus prize. This model is available for 150, 25, 9 and 90 max. bets.
