## Franco Slot Machines - Wine 'n' Win

A video slot machine. The 2nd. screen feature is triggered by 5 Bacchus symbols scattered. The player chooses amongst five casks with different prizes to play a "double or nothing" feature. The prize obtained at the bonus screen can be rebet repeatedly on an additional screen showing a winepress. The player can either obtain the prize or play "double or nothing" feature. In this case the winepress will spin until both wing lock gates open. Spider's web on gates means that the player loses the bonus prize. On the contrary, if the player obtains some wine bottles the prize is doubled. This model is available for 5, 25, 9, 45 and 90 max. bets and incorporates a winning plan different from the original Wine 'n' Win model.
